Maine Guide To Finding  
**OLD BOOKS**

Maine Antiquarian  
Booksellers Association

MABA was formed in 1981. Our members deal in a wide range of used, rare and out-of-print books, maps, prints, autographs, bindings, photographs and ephemera. Shops range from a general stock of over 100,000 books to specialist stock of several hundred titles.  
Our members have tried to describe their inventory accurately, but please bear in mind that quantity and stock specialties are subject to availability and the ever-changing market. Also, since most shops are sole proprietorships, it is best to call ahead to avoid disappointment.  
This MABA Directory is designed for readers, collectors, librarians and booksellers interested in used, rare, out-of-print books, and those items directly related to books, such as maps, prints, autographs, bindings and photographs.  
All MABA members are signatories to a code of ethical business practices, which may be found on our website.  
We hope that this directory will enrich your Maine book shopping experience. For more information or for additional copies of this directory, please contact one of the MABA officers.
